

Hygostar nylon fine knit gloves SKUBA, 4/4 nitrile coating, blue, size 11

Work gloves SKUBA by Hygostar: The industrial glove SKUBA is tight against oils and other liquids thanks to its robust nitrile coating. The glove is equipped with a full coating so that the back of the hand is also protected against liquids such as oil splashes. The base material consists of nylon fine-knit. Nylon is particularly skin-friendly and comfortable to wear. The high-quality materials make the SKUBA work glove an excellent protective glove for repair work on cars or machines. Furthermore, the working glove convinces by its high mechanical resilience.

- Nylon fine knitted glove with robust 4/4 nitrile full coating
- seamless, high wearing comfort
- oil and liquid repellent
- excellent wet/dry grip
- excellent abrasion and cut resistance
