

Hygostar fine knitted glove BLACK ACE PU coating, black, size S

Work gloves Black Ace by Hygostar: The glove BLACK ACE is made of a nylon fine-knit with a polyurethane coating on palms and fingers. Due to the light material, the glove has an excellent tactile sensitivity and still has an excellent tear resistance. Thanks to the silicone-free material, the work glove is also suitable for allergy sufferers. It can be washed and is food safe. The BLACK ACE offers an excellent grip in dry areas of application and has a very good abrasion resistance.

- Nylon fine knit with robust PU coating on palm and fingers
- excellent tactile sensitivity
- high tear and abrasion resistance
- highest wearing comfort
- washable
- secure grip especially in dry areas of application
