

## First aid kit, orange, detectable, DIN13157 basic equipment incl. wall holder

First aid kit REGULAR DETECT (DIN 13157, type C, small) The first aid kit REGULAR DETECT is ideal for the food industry. The box is specially filled with detectable blue plasters which can be detected by a detector machine. The blue colour of the patches provides additional safety. Because a blue patch is immediately noticeable visually, should it ever get into production. All first aid kits from Franz Mensch are strictly controlled and meet the legal requirements for a first aid kit. Particularly practical: The REGULAR DETECT first-aid kit is supplied with a wall bracket. This means that the first aid kit can be fitted in a space-saving and clean way - and in an emergency it is immediately ready to hand. Filled with detectable, blue plasters (roll-on adhesive plasters not detectable) space-saving and compact first-aid box dust-tight, impact resistant and break-proof very robust ABS plastic orange colour with signal effect including wall mount for installation at a centrally accessible place (for stationary use) content strictly controlled content of the first aid kit REGULAR DETECT - according to DIN 13157 1 first aid kit DIN 13 152-A, 6 x 8 cm 4 disposable gloves, vinyl 2 triangular cloths DIN 13 168, white 96 x 96 x 136 cm 3 dressing packs DIN 13 151-M 1 dressing pack DIN 13 151-G 1 dressing pack DIN 13 151-K 2 fixing bandages DIN 61 634, 6 cm x 4 m 2 fixing bandages DIN 61 634, 8 cm x 4 m 2 eye compresses, oval, 5 x 7 mm 1 pair of scissors DIN 58 279-B19, knee-bent 1 rescue blanket, 21 x 16 cm, gold/silver 1 roll of adhesive plasters DIN 13 19, 2.5 cm x 5 m 8 quick-action
