

First-aid cabinet, DIN 13 157, white with first-aid symbol, for food areas

First aid cabinet for the food industry - according to DIN 13157 This particularly high-quality first aid cabinet is specially equipped for food areas. This means that the cabinet is filled with all products according to DIN 13157 and also contains a special supplement for the food sector. The first-aid cabinet is made of high-quality, stove-enamelled sheet steel. It is particularly robust and weatherproof. The first-aid cabinet can be mounted centrally accessible on the wall and can be refilled again and again. For a better overview and order, the first aid cabinet has two intermediate shelves that can be adjusted individually. This allows you to adjust the size of the compartments within the first aid cabinet exactly as you wish.
