

## Hygostar earplugs, disposable, blue, with cord, lamella shape, detectable

---

### Earplugs DETECTOR - detectable:

completely detectable - even the smallest parts are detected by metal detectors Lamella shape for very good noise protection and comfort - SNR value: 25 dB reusable - simply wash thoroughly TIP: To avoid cross-contamination, simply tie a knot in the cord at one of the two ends. This makes it clear which plug is for which ear. can also be ideally combined with hoods or other PPE

- Vinyl, blue
- fully detectable
- Slat shape for very good noise protection and comfort
- SNR value: 25 dB
- super combinable with other PPE

item number	WL50373
