

## Hygostar Detectable washable marker blue housing, black writing, bullet tip

---

This marker consists of a detectable plastic and is excellently suited for the food industry. It can be tracked down with special detectors if it is lost in production - for more safety and product quality in food production. The detectable marker is ideal as a whiteboard marker. Its ink can be easily removed - just wash it off.

detectable plastic blue housing black writing round tip washable ink complies with HACCP ideal for offices and visitors
