

## Hygostar stainless steel clipboard (A4), detectable, with stainless steel clip

---

From now on: Improved quality with cleanly deburred and rounded edges! A clipboard is a practical helper for all those who travel a lot and have to take notes. Especially for the food industry there are detectable clipboards made of stainless steel. These clipboards are ideal for use in all production areas, as they can be detected by metal detectors in case they are lost. A detectable clipboard reliably holds all your notes and is perfect as a writing pad.

Clipboard with stainless steel clip classic A4 format easy to clean HACCP compliant ideal for offices and production
