

## Hygostar detectable band, blue, made of detectable silicone rubber

Lanyards must be HACCP compliant if they are used in the food industry. The recommendation of hygiene experts: Use detectable lanyards - only a detectable lanyard can be detected by metal detectors and therefore meets the strict hygiene and safety requirements. The detectable lanyard from Franz Mensch is made of a special detectable silicone rubber. It is ideal for attaching pens, card holders or keys. Detectable blue silicone rubber Length 5 cm Width 1 cm High quality snap hook and metal ring HACCP compliant

- detectable silicone rubber
- high-quality snap hook
- Metal ring
