

Hygostar Detectable safety knife blue, Uni Plus

This safety knife is fully detectable and therefore ideal for food production. It consists of a metal blade and a blue, detectable plastic casing, which is worked into the plastic in such a way that the knife is absolutely safe from injury. Especially practical: The long, ergonomically shaped handle. This means that the safety knife always lies well and safely in the hand - even in cold working environments or with slippery, wet hands. detectable plastic, blue 16.5 cm long injected injury-proof blade not replaceable complies with the HACCP guidelines ideal for cutting nets, cardboard boxes, adhesive tapes, PP tapes, bags

- detectable plastic
- Metal blade
- injected safely
- not interchangeable

Item no.

WL50441
