

Hygostar nitrile work glove DETECT, fully coated, with knitted cuff, 28cm, size XL/10

Work gloves Nitrile Detect 4-4 coated and detectable by Hygostar: These work gloves have a full coating of nitrile on the palm and back of the hand. Therefore the Nitril Detect is very abrasion-resistant, cut-resistant and tear-resistant. Thanks to the processed cotton on the palm a pleasant wearing comfort is guaranteed. An elastic knitted cuff ensures a good fit. The glove is detectable, oil and grease resistant and offers a safe wet and dry grip. Since the Nitrile Detect is also food safe, it is suitable for the food industry, among others.

- 100% cotton, high wearing comfort
- Nitrile full coating on palm and back of the hand
- detectable
- safe wet and dry grip
- cotton inside, elastic knitted cuff
- Protection against oil, grease and sharp objects
- high abrasion resistance, good cut, tear and puncture resistance
