

Hygostar half boot with protective cap, S2, white, size 42

The Cloq S2 safety shoe is made of synthetic leather, with a sole that is resistant to oil and fuel and also provides excellent slip resistance. Besides these properties, the sole is also antistatic and shock-absorbing in the heel area. The shoe is equipped with a protective cap tested to 200 joules and an antibacterial lining. It is waterproof and has a closed heel area for a firm fit on the foot. The shoe can be steam pressure sterilized and is machine washable at 40°C. As the shoe is very light, it is very suitable for long use in the chemical industry, industry, hospitals, laboratories or canteen kitchens and canteens.

- Safety shoe with plastic cap
- Sizes: 36 - 47
- height: 14 cm
- synthetic leather upper
- Sole PU
