

Hygostar slipper, Lorica, white, without steel toe cap, size 40

These white work shoes without steel toecap are made of Lorica. Lorica is a breathable and easy-care microfibre. The sole of the work shoe is made of polyurethane. This sole is resistant to oil and fuels and also provides excellent slip resistance. In addition to these properties, the sole is also antistatic and shock-absorbing in the heel area. The shoe is equipped with an antibacterial lining and does not have a steel toe cap. It is waterproof and has a closed heel area for a firm fit on the foot. The shoe can be sterilized with steam pressure. As the shoe is very light, it is very suitable for long use in the chemical industry, industry, hospitals, laboratories or canteen kitchens and canteens.

- Work shoe without protective cap
- Upper material special high-tech microfibre
- highly breathable
- Sizes: 36 - 47

Item no.

WL50610

Products for the electronic industry
