

Hygostar overshoe dispenser "Hygomat Comfort", automatic

Overshoeing machine with extra comfort: The unique Hygomat is now available as COMFORT version. What this means for you: The innovative and absolutely reliable Hygomat technology is available with a comfortable handrail and larger capacity (220 overshoes). Pure comfort and exclusive from Franz Mensch. The HYGOMAT COMFORT does not consume any electricity and is therefore independent of location and energy-saving.

The overshoe dispenser HYGOMAT is an excellent solution for all those who want to save time and keep tiresome changing as short as possible. With the HYGOMAT overshoe-dressing is 4 times faster! A time saving which is really worthwhile. At the same time, this overshoe automat effectively prevents cross-contamination and accidents. Because overshoes ensure hygiene and a safe step in hygiene-sensitive areas.

can be set up anywhere and very easily very user-friendly, no bending down, simple and quick handling with a handle to hold on to - for even more comfortable putting on four times faster than normal overshoes putting on with a viewing window, so that the fill level can be seen at any time in a few seconds refilled with overshoes clean room certification

ISO class 5* according to EN ISO 14644-1

Note: The Hygomat Comfort can only be used with Hygomat overshoes of the brand Hygostar: ® (also available from Franz Mensch)

*= max. 100 particles of max. 0.5 µm diameter per cubic foot (3.5 particles per liter)

Customer comments on the overshoe machine HYGOMAT: Large selection of suitable overshoes: from very simple variants to super slip-resistant overshoes - especially for safe walking on wet or smooth floors.

Customer comments on the overshoe machine HYGOMAT:

The Hygomat is extremely time-saving. We use it for visitors in our entrance area and are very satisfied. It simply does not go fast. - Mr Dusch, Grossmann Feinkost GmbH.

We are absolutely satisfied with the Hygomat. We use it for both visitors and employees. Putting on the overshoes has become so much easier. We used to have boxes of overshoes everywhere and the overshoes first had to be taken apart. With the Hygomat everything goes much faster and it is super comfortable. No more bending down! Quick and ready, within 2 seconds the overshoes are on your foot. - Elke Frese, GfM mbH - Society for Micronization.

It was important for us to have a overshoe machine that is specially approved for food areas. The Hygomat has the required declaration of conformity and works without any problems. Our employees in food production are completely satisfied. - Christine Dobler, Houdek Arzberg GmbH.
