

Hygostar overshoe machine "Stepstar Comfort", electric

Professional overshoeing machine for high demands: The electric overshoeing machine STEPSTAR COMFORT shrinks a film over the shoe in a few seconds. The shoe is thus firmly wrapped. Dirt and impurities stay outside. The electric overshoeing machine STEPSTAR COMFORT is ideal if you want to provide many visitors with overshoes quickly and easily. Thanks to the simple shrinking technique, the STEPSTAR COMFORT is a very economical method to provide visitors and employees with hygienic foot protection. PE-foil is shrunk around the shoe in 4 seconds suitable for every type and size of shoe (also high heels) especially stable, tear-resistant foil for about 1800 shoes inexpensive hygienic solution that pays off quickly extremely durable you save storage costs for overshoes CE-certified very easy changing and refilling of the foil roll electrically, for a fixed location weight: 18 kg meets the legal requirements
