

Hygostar Clean Hands COUNTER KIT SINGLE, stainless steel, 1 set

Customers want food safety: from production to the sales counter - customers in front of the counter too! Wearing gloves is a matter of course in production. Where the product is passed on to the customer, this is usually broken - food is touched with the bare hand. Clean Hands[®] is the ingenious way to close the hygienic chain: Hands are the main carriers of germs of all kinds. Money and food are touched in quick succession at the counter or sales stand. Clean Hands[®] is fast: In the glove, out. And comfortable at the same time. Wearing it prevents contamination of the food. The customer in front of the counter is sure to receive a product that is free of objections.

fast, comfortable and hygienic access to food Glove easily replaceable (Art. 2646) Magnet on the bottom of the counter kit fixes the glove (through the metal strip on the cuff) when not in use
