Quick&Clean Zipper plastic, white, round, 45mm

Quick & Clean, customers want food safety: from production to the sales counter - customers in front of the counter as well. Wearing gloves is a matter of course in production. Where the product is passed on to the customer, this is usually broken - food is touched with the bare hand. Quick&Clean is the ingenious way to close the hygienic chain: Hands are the main carrier of germs of all kinds. Money and food are touched in quick succession at the counter or sales stand. Quick&Clean is quick: in, out. In the glove, out. And comfortable at the same time. Wearing Quick&Clean prevents contamination of the food. The customer in front of the counter is sure to receive a perfect product. This is how it works:
press the ring together at the side and place it in the glove attach the pull-out clip on the zipper to the ring (press button) attach the second clip in the zipper to the body so that the glove hangs on your body near your hips Now you can put the glove on and take it off as you wish. The glove remains hygienically clean and always ready to hand.

- Plastics
- for the Quick&Clean system

Item no.	WL50733
Model	89025
Manufacturer	FRANZ MENSCH
Manufacturer article no.	89025
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
Sales unit	1 piece
Content unit	1 piece
Colour	white
ESD compliant	no
