

## Soldering Station 75 W + T245-A, CD-2BQF

- This station is suitable for both SMD and THT components.
- It uses the T245-A handpiece, the perfect tool for general electronic applications with high power requirements.
- The new F version includes:
  - Quick and easy configuration of the station thanks to the 7-key keyboard.
  - Tip holder for storing up to four tips, as well as tip extractor and cable collector
  - Can be connected to the JBC exhaust (RJ12 plug) and an easily replaceable grounding fuse

item number	WL50744
model	CD-2BQF Kit
model line	Compact Line
manufacturer	JBC

Products for the electronic industry

manufacturer item number	CD-2BQF
scope of supply	CD soldering station T245-A soldering iron Tips are not included in delivery
order unit	1 piece
content unit	1 piece
power	75 W
nominal power	130 W
voltage	230 V
voltage	230 V
temperature range °C	90 – 450 °C
station type	soldering station
included handpiece	T245-A
ESD safe	yes
