ESD label pocket, transparent, 115 x 83 mm

The ESD label pocket is a transparent, self-adhesive solution specially designed for Euro containers. With a width of 83 mm and a length of 115 mm, it fits ideally on all types of Euro containers and offers a practical option for labeling and identification. Thanks to its ESD functionality, it also protects sensitive electronic components from electrostatic discharges. Ideal for use in technical environments where organization and protection of components are essential.
