

## ESD sweatshirt with SafeGuard logo, round neck, 280g/m<sup>2</sup>, black, XXL

---

The ESD sweatshirt from Safeguard with round neckline in the color black is made of 48% cotton, 48% polyester and 4% carbon fiber and has a basis weight of 280 g/m<sup>2</sup>. This ESD garment is specially designed for working in ESD zones (EPA) to prevent electrostatic discharge damage to sensitive electronic components.

Our SafeGuard ESD sweatshirts are the ideal choice for a comfortable fit and safe protection against electrostatic discharge. The black unisex sweatshirt with long sleeves and a round neckline not only offers comfort, but also meets the requirements of DIN EN 61340-5-1. Thanks to the typical surface resistance of 10<sup>5</sup> - 10<sup>7</sup> Ohm and the ESD logo on the left sleeve, you are optimally protected. The knitted cuffs on the sleeves and hem also ensure a perfect fit. Made from 48% cotton, 48% polyester and 4% carbon fiber with a fabric weight of 280 g/m<sup>2</sup>, this sweatshirt offers the perfect combination of comfort, functionality and safety. Treat yourself to the best with SafeGuard!

- Washable up to 40°C
