

ESD sweatshirt with SafeGuard logo, V-neck, 280g/m², black, XXL

The ESD sweatshirt from SafeGuard with V-neck in the color black is made of 48% cotton, 48% polyester and 4% carbon fiber and has a basis weight of 280 g/m². This ESD garment is specially designed for working in ESD zones (EPA) to prevent damage caused by electrostatic discharge to sensitive electronic components.

Our ESD sweatshirts from SafeGuard are the ideal choice for anyone who values comfort and functionality. With the ESD logo on the left sleeve and knitted cuffs and hem, they combine style and fit in one garment. The long-sleeved sweatshirt in black is unisex and has a V-neck. It meets the requirements of DIN EN 61340-5-1 and offers a typical surface resistance of 10⁵ to 10⁷ ohms. Made from 48% cotton, 48% polyester and 4% carbon fiber, the sweatshirt has a basis weight of 280 g/m². Get your SafeGuard ESD sweatshirt now and experience quality and functionality in one garment!
