Bouffant cap, spunbonded PP, latex-free, 54cm, green

The beret cap from DS SAFETY WEAR is used to reliably cover head hair in hygienically sensitive work areas. It is suitable for use in production, food processing, laboratories or cleanroom environments.

Made from high-quality spunbonded polypropylene, the hood is lightweight, breathable and comfortable to wear. The circumferential, latex-free elastic band ensures a secure fit and also makes it suitable for users with latex intolerance.

With a diameter of 54 cm, the beret cap offers a good fit and is comfortable to wear. The one-size-fits-all design allows flexible use for different head sizes. It is supplied in a packaging unit of 100 pieces and is therefore ideal for daily use in professional applications.
- to cover the hair on the head
- high quality polypropylene spunbond
- latex-free elastic bands

Item no.	WL51565
Model	BHG54
Manufacturer	DS SAFETY WEAR
Manufacturer article no.	BHG54
