

Treston FiFo flow rack M900, lateral extension, ESD

With the lateral extension frame you can enlarge the storage area in the best possible way. The rack contains 3 levels of rollers that can be adjusted without tools. With lateral and rear extensions and additional roller levels you can easily expand further. An ergonomic work table can be built around the shelf with a variety of accessories. With levelling screws in the feet for uneven floors. Suitable containers: 24 pcs. Treston 1940 visible storage boxes or similar. Each roller level contains 8 pieces of roller profiles and 3 pieces of guide plates. Also suitable for many other container sizes by adding or removing roller profiles and guide plates.
