

Bit holder, magnetic, clamping via snap ring (34306), 150 mm

Bit holder, magnetic, clamping via snap ring (34306), 150 mm from WIHA - a high-quality bit holder that perfectly combines stability and handling. Perfect for anyone who values precision and quality. Now available from Weidinger.

- Simplifies your work: accessibility of deep-seated screws through bit holder lengths of up to 250 mm
- Increases your efficiency: Good access to deep-seated screws due to extremely slim design
- application: When the bit has to hold securely, e.g. for serial screw connections.
