

Bit holder, magnetic, extra strong magnet (41922), 60 mm

Bit holder, magnetic, extra strong magnet (41922), 60 mm from WIHA - a high-quality bit holder that perfectly combines stability and handling. Perfect for anyone who values precision and quality. Now available from Weidinger.

- Reduces your costs: Strong magnet in the holder prevents bit loss
- Saves time: Quick and easy bit change thanks to magnetic holder and one-hand operation
- Increases your efficiency: the magnetic force transferred to the bit holds screws of normal length securely
- The robust and durable bit holder convinces with its particularly strong magnet. Thus, the number of lost bits can be reduced and the costs for new procurement can be saved. In addition, the magnetic force acts through the bit and holds screws of normal length. The slim design of the bit holder improves accessibility to deep-seated screws. In addition, the magnetic holder makes it possible to change bits easily and quickly with one hand.
- Application: When the bit has to hold securely, for all kinds of screw connections.

Item no.	WL52550
Model	71133
Alternative article name	71133
Manufacturer	WIHA
Manufacturer article no.	41922
GPSR manufacturer data	Wiha Werkzeuge GmbH Obertalstraße 3-7 DE-78136 Schonach www.wiha.com
Sales unit	1 piece
Content unit	1 piece
Product series	7113 P
VDE	no

ESD compliant	no
Packaging dimensions	piece
Tool length	60 mm
Blade length	60 mm
