Bit set BitBuddy® TY bit, 49 mm, hexagon 1/4", 7 pcs (42114)

With the BitBuddy® TY bit set, 49 mm, hexagon 1/4", 7-piece (42114), manufacturer WIHA supplies a high-performance bit set for professional electronics applications. The hexagon socket bits offer optimum grip in the holder and significantly reduce the risk of damage to screw heads.

• Reduces your costs: Bit can be found quickly and easily thanks to red color marking in the BitBuddy - with UV light even in dark environments.

• Saves time: No long search thanks to brightly colored bit, short bit change time thanks to long service life. Automatic opening at the touch of a button and easy bit change directly in the BitBuddy.

• Increases your efficiency: the generalist with 120x longer life* thanks to patented bit technology, suitable for all screws. (*compared to Wiha standard bit)

• No hands free and tired of the annoying search for the right bit? The Wiha BitBuddy® allows the bits to be picked up directly in the machine and easily returned to the holder. Thanks to the novel arrangement of the bits in the holder as well as the lasered profile size on the bit base, selecting the right size when removing the bit is child's play. The included TY bit is multi-talented and suitable for all types of screws, both T-shaped and Y-shaped, making it the ideal tool for screwing in all materials. Thanks to the patented, extended torsion zone, the bit is also suitable for impact and impact screwdrivers and guarantees a 120x longer service life compared to Wiha standard bits. In addition, the colored bits are quick and easy to find and, thanks to the color coat, easy to find even in the dark with UV light

• Application of the BitBuddy: Suitable for all types of screws. Also suitable for impact and impact screwdrivers.
