

## Bit set TY bit, TORX® (T20), 5 pcs. 1/4" in box (42130), 49 mm

As a reliable companion for professional assembly work, the TY bit set, TORX® (T20), 5-piece 1/4" in box (42130), 49 mm from Wiha impresses with its quality and functionality. A clear advantage lies in Reduce your costs: bits can be found quickly and easily thanks to red color coding - even in dark environments with UV light. The product has proven itself in industrial environments thanks to its consistent performance and safe handling.

- Red colour coding makes it quick and easy to find bits - even in dark environments with UV light.
- Saves time: No long searching thanks to brightly coloured bit, short bit change time thanks to long service life
- Increases your efficiency: The generalist with 120x longer service life\* thanks to patented request technology, suitable for all screws. (\*in comparison to Wiha standard bit)
- Until now, when buying bits, it was not clear which bits were suitable for which application. Wiha puts an end to the complexity between the machine used, the screwing case and the large selection of different bits. Thanks to Wiha's revolutionary bit concept, the shape of the screw is the only factor that determines the choice of the right bit. As an all-rounder, the TY bit is suitable for all types of screws, both T-shaped and Y-shaped, making it the ideal tool for screwing in all materials. Thanks to the patented, extended torsion zone, the bit is also suitable for impact and impact wrenches and has a 120x longer service life compared to the Wiha standard bits. In addition, the coloured bits can be found quickly and easily and, thanks to the colour coating, are also easy to find in the dark with UV light. This reduces the number of lost bits and saves the cost of purchasing new ones.
- application: Suitable for all types of screws. Also suitable for impact and impact wrenches.
