

Bit slimBit electric, TORX PLUS® 8IP (43146), 75 mm

With the slimBit electric, TORX PLUS® 8IP (43146), 75 mm, Wiha offers a robust solution for low-wear TORX® screw connections. The technical design with Increases your safety: Wiha slimBits ensure good and protected access to deep-set screws, significantly increasing tool life. The combination of dimensional accuracy and material quality creates a durable tool for everyday use.

- Increases your security: Wiha slimBits ensure good and protected access to deep-lying screws
- Saves space: Space-saving due to extensive exchangeable bit system
- Offers you full protection: Each tool individually tested at 10,000 V AC and approved for 1,000 V AC
- In combination with the speedE®, slimVario® and TorqueVario®-S electric tools, the insulated slimBits can also reach deep-set screw and spring elements effortlessly thanks to Wiha slimTechnology, which was specially developed for electrical applications. This is made possible by the protective insulation completely integrated into the bit in the front area. The slimBits are subjected to routine testing in accordance with the international standard IEC 60900 and enable safe working on live parts up to 1,000 V AC
- Standards: Tested according to IEC 60900
- application: For work on live parts up to 1,000 V AC. Ideal for actuating screw and spring elements.

item number	WL54694
model	283116008
Alternative item description	283116008
manufacturer	WIHA
manufacturer item number	43146
GPSR manufacturer information	Wiha Werkzeuge GmbH Obertalstraße 3-7 DE-78136 Schonach www.wiha.com
order unit	1 piece
content unit	1 piece
product series	283116
VDE	no
type of screw	8IP

ESD safe	no
packaging mass	piece
tool length	75 mm
