

Transport lock A for Series 7000, 2 pieces

Transport lock A for manual and automatic operation.
It can be locked in the open position.
After a stroke of 8 mm, the guides are free to load or remove PCBs.
The latch is locked after a further 2 mm stroke.
It is lifted slightly to close.
When released, it falls into the locked position.

2 pieces incl. screws included in the scope of delivery
