

Kraftform Micro 6 ESD Smartphone repair kit 1

Electrostatically secured Wera Micro screwdriver 6-piece set. The included screw profiles are especially suitable for use on mobile phones and tablets. Safe protection against electrostatic energy and associated damage. By supporting the hand on the rotating cap, and by the fast rotating zone below the rotating cap, lightning fast turning is possible. Time-consuming hand switching is eliminated. The power zone with integrated soft zones ensures the transmission of high tightening and loosening moments. Precision zone for correct rotation angles whilst adjusting. The Black Point tip provides fitting accuracy and optimum corrosion protection. Take it easy tool finder with size stamping and colour coding by profile to find the required tool quickly and easily.

- Electrostatic safe tools due to surface resistance of $\leq 10^9$ Ohm.
- The quick-turn zone below the rotating cap enables lightning-fast twirling
- The Wera Black Point tip offers precision fit and optimized corrosion protection
- Multi-component Kraftform Micro handles for fast and ergonomic screwing
- Included profiles are especially suitable for servicing cell phones, tablets and laptops/computers
