

ESD bag, pink, dissipative, zip closure, 90 µm, 76 x 100 mm, 100 pieces

Our pink ESD bags from SafeGuard offer an ideal solution for the safe packaging of products in ESD protected areas. With a practical zip closure, they are easy to handle and ensure effective protection against dust. The bags are printed with the ESD and recycling symbol, the LOT number and the SafeGuard logo. Made from amine-free polyethylene, they are weldable and permanently dissipative. The bags measure 76 x 100 mm, have a film thickness of 0.09 mm and are supplied in a pack of 100. Thanks to their dissipative material and resealable zip closure, they meet ESD safety requirements. Ideal for the safe transportation and storage of sensitive electronic components.

- Polyethylene pink with ESD and recycle symbol, LOT-No.
- amine-free, weldable, permanently conductive
