NO-CLEAN desoldering braid, 2.2 mm, green, 1.5 m, 10 pieces

Ersa desoldering braids are provided with halogen-free no-clean flux and are ideal for the gentle removal of excess or old solder, especially on SMD-equipped circuit boards. The fine copper mesh with high capillary force and a width of 2.2 mm guarantees the best desoldering results. In some cases, the additional use of a flux cream can be helpful.

- For removing flux and solder residues from SMD boards
- Fine mesh, high capillarity and optimum flux content
- No-clean desoldering braid wetted with flux

Item no.	**WL61146**
Manufacturer	ERSA
Manufacturer article no.	0WICKNC2.2/10
GPSR manufacturer data	ERSA GmbH Leonhard-Karl-Strasse 24

	DE-97877 Wertheim www.ersa.de
Length	1500 mm
Width	2.2 mm
Sales unit	1 PU
Content unit	10 piece
Colour	green
RoHS compliant	yes
ESD compliant	no
