

Replacement knife for 12 12 10

The replacement cutter for 12 12 10 from KNIPEX impresses with its precise workmanship and high functionality. Developed for professional applications, this tool enables effortless and clean stripping of a wide range of conductors and strands. Form-fit stripping even of hard-to-remove insulating materials made of PTFE, silicone, Radox®, Kapton® and rubber. Also multi-layered. A second pair of blades reliably holds the remaining insulation in place. Interchangeable shaped blades precisely matched to the respective conductor cross-section. With adjustable length stop for identical stripping lengths for series work. The robust design and ergonomic shape ensure comfortable handling and a long service life. An indispensable tool for electricians, technicians and anyone who wants to carry out precise and efficient work in the field of cable processing.
