

Assortment box wire end ferrules, fully insulated, 0.25 to 1.0 mm², 150 pieces

For the reliable termination of fine-stranded conductors, Knipex range boxes with insulated wire end ferrules, 0.25 to 1 mm², fully insulated, blue/turquoise/white/black/red, 150 pieces offer an excellent way of securing cable ends mechanically and electrically in the best possible way. A key feature is the handy, transparent crimping box, which ensures a reliable electrical connection even under constant load. Rotatable lid with opening for removing individual wire end ferrules ensures even pressure build-up during crimping and prevents contact loss. The high-quality workmanship ensures consistent quality throughout the entire assembly process and significantly reduces the risk of incorrect connections. Whether used in series production or for repairs, these ferrules impress with their durability, process reliability and high contact quality.

- Handy, transparent dispenser box
- Rotating lid with opening for removing individual wire end ferrules
- With insulated ferrules according to DIN colour code

- Size: Ø 90 mm, height 44 mm

Item no.	WL62150
Model	97 99 905
Manufacturer	KNIPEX
Manufacturer article no.	97 99 905
GPSR manufacturer data	KNIPEX-Werk Oberkamper Strasse 13 DE-42349 Wuppertal-Cronenberg www.knipex.de
Length	90 mm
Width	90 mm
Height	44 mm
Length with packaging	90 mm
