

Pressure seal bag, LDPE, 80 x 120 mm, approx. 50 my, transparent

Pressure lock bags or quick lock bags are valuable helpers in everyday life. Thanks to their simple quick closure, they are flexible for storing various things. Their special advantage: Hygostar pressure seal bags are food safe. This means they can be used anywhere in food areas and for storing food. The bags are resealable and keep their contents safe and above all hygienic at all times.

- Material: tear-resistant LDPE
- food safe
- resealable
- strong quick lock
- hygienic
- application areas: versatile for sampling, packaging, picking, storage
