

C-mount adapter with 0.5x objective for NexiusZoom microscopes and 1/2" cameras

All Euromex cameras are supplied with a photo port c-mount adapter, which means that it can be connected to any Euromex trinocular microscope*. Monocular microscopes require the removal of the eyepiece so that the camera can be fitted into the 23.2 mm tube. Binocular microscopes require the removal of an eyepiece plus an additional mechanical adapter (* Except for the Oxion, Oxion Inverso and Delphi-X Inverso series. These microscopes need an additional adapter)

Item no.	WL63402
Model	NZ.9850
