

PP overshoe, extra large, high version 300 pieces

The high version of our popular disposable overshoes is the PP overshoe, extra large.

The material quality of 40g/sqm is above the average for disposable clothing/overshoes and thus ensures an extremely high durability. The non-slip outsole makes the disposable overshoe perfect for daily work in production facilities and laboratories.

Due to a durable rubber, the overshoe is equally suitable for men and women.
