

ESD sandal Arizona ESD 1021400, flowersfieldmint, narrow, 43

The BIRKENSTOCK Arizona is a true classic that has delighted men and women for decades. The simple sandal with the two straps stands for timeless design and has also become a comfortable companion for daily use at work. Thanks to its additional ESD equipment against spontaneous static discharges, the model is ideally suited for use in ESD areas. The combination of the footbed with the specially developed sole guarantees a permanently soft discharge and protects sensitive components. All BIRKENSTOCK ESD models are tested according to the specifications of DIN EN 61340 and meet the requirements in the ESD range from 1.0×10^5 to 3.5×10^7 Ohm. The upper material consists of the skin-friendly and hard-wearing synthetic material Birko-Flor®.

- Anatomically shaped cork-latex footbed in ESD design
- Upper material: Birko-Flor®-
- Details: two straps, each with an individually adjustable metal thorn buckle
- Cover sole: suede leather
- Sole: cushioning EVA outsole in ESD design
- ESD protection tested according to EN 61340
