

ESD clog BOSTON ESD natural leather 61380, blue, normal, 48

The Boston ESD offers an ideal combination of classic look and reliable protection against electrostatic discharge. The ESD version thus protects people and materials in highly sensitive areas such as the semiconductor industry. The skin-friendly, flexible leather cover sole nestles gently against the foot and adapts to its contours. The open-pored and therefore particularly breathable surface ensures a pleasant foot climate even during vigorous physical activity.
