

iQ Magnifying Lamp LED, ESD version, with daylight and UV light.

The iQ magnifier lamp has a lightweight acrylic lens with a large field of view. The magnifier head is freely movable and can be positioned as desired, providing maximum horizontal and vertical freedom of movement. The sturdy arm with integrated springs provides good horizontal reach and positional stability. An additional 12 diopter (4.0X) swivel arm lens is also included. A side guard helps keep the light clean. The magnifier features a removable lens protector.

- Light source: LED
- Lumen: 814
- Illuminance at 15 cm distance: 6300 Lux
- LED lifetime in hours: 50000
- Touch-sensitive 4-level dimmer: 6 300 - 5 500 - 3 500 - 1 800 lux
