Optimum dispensing brush tips, stiff bristle

Our high-quality 6/12 nylon dispensing brush attachments are ideal for dispensing adhesives and greases and are available with soft or stiff bristles - depending on the requirements of your application.
Optimum® dispensing brush tips offer unparalleled performance and have been developed and tested to meet standards for industrial use. They are manufactured at Nordson EFD's silicone-free facility in the USA.
EFD's soft dispensing brush tips are filled with the highest quality natural nylon 6/12 (0.003" diameter). Our hard dispensing brush tips are filled with the highest quality black nylon 6/12 (0.006" diameter).

Item no.	**WL70206**
Manufacturer	NORDSON EFD
Manufacturer article no.	7015351
