

low shoe BS 60, W10, O2, black, grey, size 39

ATLAS® brings together the most modern technologies and the anatomical needs of every wearer. The new INNOFLEX SYSTEM® is a holistic outsole concept and supports the runner in every phase of movement. From the first to the last contact with the ground, the sole complex is permanently guided by the same, natural line of force, the INNOFLEX LINE. It optimally conducts the forces from the heel to the toe and thus supports the natural line of force progression. Special areas such as the CLOUDZONE in the heel are responsible for the corresponding energy absorption, i.e. cushioning. The large-format tread surfaces, which are equipped with particularly energy-absorbing MPU® material, absorb the energy and return it to the motion sequence in a targeted manner. This guarantees fatigue-free running throughout the entire working day.

Particularly in the case of kneeling activities, signs of wear can occur in the area of the shoe toe after some time. These can be significantly reduced with the help of the abrasion-resistant MPU toe protection and the service life of the shoe is thus increased.

Particularly in everyday working life, with high physical stress, temperature-regulating properties are not only required, but expected. The aktiv-X functional lining stands for highest quality, innovative technology and offers the wearer permanent, active moisture regulation. The aktiv-X functional lining has a moisture-regulating effect and ensures that the shoes dry again quickly. It does not stain, is skin-friendly and abrasion-resistant.

Work healthier with the right cushioning. The new 3D cushioning system from ATLAS® enables noticeably gentle and fatigue-free walking. The basis for this outstanding walking comfort is formed by three basic components: Pressure relief. Cushioning. Dynamics. This is ensured by the perfect interaction of a pressure-relieving insole and the light and responsive MPU sole technology.

Item no.	WL70361
Model	BS 60
Manufacturer	ATLAS
Manufacturer article no.	82200-39
GPSR manufacturer data	ATLAS-Schuhfabrik GmbH & Co.KG Frische Luft 159 DE-44319 Dortmund www.atlasschuhe.de
Length with packaging	34 mm
Width with packaging	23 mm
Height with packaging	12 mm
Sales unit	1 pair
Content unit	1 pair
Manufacturer colour information	black, grey
Colour	grey, black
Incl. battery	no
Protective cap	no
Type of shoes	low shoe
Safety class	O2
Shoe sole	MPU INNOFLEX system
Slip resistance	SRC
Shoe width	W10 (standard width)
Features (shoes)	<ul style="list-style-type: none"> • MPU INNOFLEX System • MPU toe protection • active-X functional lining • 3D cushioning system

Material (shoes)	Sportline upper
Shoe size EU	39
ESD compliant	no
Risk category (PPE regulation)	Category 2
