

## VDE-insulated Kraftform cross-recess screwdriver 1065 i, PZ 1 x 80 mm

High-quality Kraftform VDE screwdriver. Multi-component Kraftform handle for fast and gentle working. The Wera Black Point tip and a complex hardening process guarantee long usability of the tip, increased corrosion protection and exact fitting accuracy. Unit test at 10,000 V for safe working at the approved voltage of 1,000 V. The hexagonal roll-off protection prevents annoying rolling away at the workplace. With handle marking for easier finding and sorting of the tool.

- Insulated screwdriver for safe work up to 1,000 volts
- Individually tested
- Multi-component Kraftform handle for quick and gentle work
- With handle marking for easier finding and sorting of the tool
- The Wera Black Point tip offers a precise fit and optimized corrosion protection
