

Stand for soldering iron T210 & T245

ADS Stand works exclusively with T210 and T245 Handles and DIU, DDU and DMU Control Units.

Sleep & Hibernation Mode automatically detects the tool in the stand and reduces the tip temperature below the solder melting point. Hibernation cuts off power supply preventing oxidation. As a result, tip life lasts up to 5 times longer.

The stand includes Tip Cleaner with brass wool, as well as, splashguard and antisplash membrane to keep the work area clean and free of solder particles. Quick Cartridge Changer enables a safe, easy and quick cartridge exchange which, combined with Cartridge Holder, allows you to store up to four cartridges.

The tool holder position is easily adjustable to suit your needs and Cable Collector is designed for perfect movement adaptation and to keep cables away from the working area.

- ESD safe

DIMENSIONS AND WEIGHT

- Stand: 195 x 93 x 300 mm / 1.44 kg / 7.68 x 3.66 x 11.81 in / 3.17 lb.

Products for the electronic industry

- Package: 342 x 155 x 120 mm / 2.00 kg / 13.46 x 6.10 x 4.72 in / 4.41 lb.

item number	WL70851
model	AD-SF
manufacturer	JBC
manufacturer item number	AD-SF
order unit	1 piece
content unit	1 piece
suitable handpiece	soldering iron
ESD safe	yes
