

Stripping pliers Stripmaster® 6-8 AWG

The IDEAL Electrical 45096 Stripmaster wire stripper with knife blade, 6-8 AWG has a gripper that holds the wire in a centered position to the stripping hole. The leverage of the stripper provides a mechanical advantage that makes stripping easier. This helps in production applications and reduces operator fatigue. The wire is stripped cleanly with one press.

Item no.	WL70968
Manufacturer	IDEAL
Manufacturer article no.	45-096
GPSR manufacturer data	IDEAL Industries International BV Franciscusweg 267 NL-1216 Hilversum www.idealind.com
