

## Stand for soldering iron T470

---

HDS Stand works exclusively with T470 Heavy Duty Handles and HDU Control Unit. Sleep & Hibernation Mode automatically detects the tool in the stand and reduces the tip temperature below the solder melting point. Hibernation cuts off power supply preventing oxidation. As a result, tip life lasts up to 5 times longer.

The stand includes Tip Cleaner with brass wool, as well as, splashguard and antispash membrane to keep the work area clean and free of solder particles. Quick Cartridge Changer enables a safe, easy and quick cartridge exchange which, combined with Cartridge Holder, allows you to store up to four cartridges.

The tool holder position is easily adjustable to suit your needs and Cable Collector is designed for perfect movement adaptation and to keep cables away from the working area.

- ESD safe

### DIMENSIONS AND WEIGHT

- Stand: 220 x 93 x 300 mm / 1.51 kg / 8.66 x 3.66 x 11.81 in / 3.34 lb.
- Package: 342 x 155 x 120 mm / 2.08 kg / 13.46 x 6.10 x 4.72 in / 4.58 lb.
