

Stand for soldering gun AP250

APS Stand works exclusively with AP250 Stand for AP250 Manual-Feed Soldering Iron and DIU, DDU and DMU Control Units.

Sleep & Hibernation Mode automatically detects the tool in the stand and reduces the tip temperature below the solder melting point. Hibernation cuts off power supply preventing oxidation. As a result, tip life lasts up to 5 times longer.

The stand includes Tip Cleaner with brass wool, as well as, splashguard and antisplash membrane to keep the work area clean and free of solder particles.

The tool holder position is easily adjustable to suit your needs and Cable Collector is designed for perfect movement adaptation and to keep cables away from the working area.

- ESD safe
- Stand: 195 x 93 x 300 mm / 1.46 kg / 7.68 x 3.66 x 11.81 in / 3.22 lb.
- Package: 342 x 155 x 120 mm / 2.02 kg / 13.46 x 6.10 x 4.72 in / 4.46 lb.
