

KNIPEX NexStrip, electrician's multi tool, crimping & stripping

Perfect crimping: uniformly flat square crimping, flexible and fast for wire end ferrules, the positive lock guarantees the required contact pressure. Precise stripping: automatic size adjustment with length stop for exact, repeatable work, with fine adjustment. Safe cutting due to non-slip handles; particularly comfortable handling due to ergonomic two-component handle. Fast, precise square crimping of individual wire-end ferrules according to DIN 46228 Part 1 + 4, self-adjusting between 0.25 - 4 mm² - allows quick change between various sizes. Consistently high crimp quality due to positive locking. Stripping with fine adjustment - for optimum adaptation to special materials or temperature conditions for flexible and solid conductors between 0.03 - 10 mm² (AWG 32 - 8). Clean cut of conductors up to 10 mm² (AWG 8). Durable and robust: high-quality housing made of fiberglass-reinforced plastic. For electrical professionals: for wiring electronic devices, such as PLCs (programmable logic controllers), in mobile homes or domestic installations. Stripping pliers with crimping function up to 4 mm² and integrated cable shears up to 10 mm².

item number	WL71702
model	12 72 190
manufacturer	KNIPEX
manufacturer item number	12 72 190
GPSR manufacturer information	KNIPEX-Werk Oberkamper Strasse 13 DE-42349 Wuppertal-Cronenberg www.knipex.de

Products for the electronic industry

length	190 mm
width	17 mm
height	110 mm
order unit	1 piece
content unit	1 piece
type of packaging	single pack
product series	NexStrip
ESD safe	no
type of pliers	crimping tool
