

KNIPEX protection jaws for 87 xx 180 (3 pairs), from model 2010 onwards

Ideally suited for round workpieces on fittings and other delicate materials thanks to soft gripping surfaces. Entire gripping surface/serration is covered: prevents damage from the aggressive teeth of the gripping jaws. Easy to attach by hand and reliably fixed to the gripper jaws by means of an internal snap-in hook. Smooth gripping surfaces of the jaws (no toothing). Set consisting of 3 pairs of plastic jaws.
