

## Articulated Hand Rest with base for PHNK Preheater, RHN

---

---

An indispensable tool for precision work which provides a point of support for the hand close to the working zone.

It makes the work more comfortable enabling a more relaxed position and reducing fatigue, which makes it perfect for precise working processes like placing components, soldering, picking with tweezers or solder feeding.

RHN is supplied with HRR Articulated Right Hand Rest, HRL Articulated Left Hand Rest is also available to work accurately with both hands at the same time.

Its base plate is designed to work with PHNK Nano Preheater Set.
