

ESD fleece jacket with long zipper, ladies, navy blue/mint, 3XL

Safeguard presents the ESD fleece jacket with long zip in a stylish navy blue/orange design - a unisex model that makes no compromises when it comes to electrostatic discharge resistance. The jacket is made from high-quality FL1 fabric, which has a material composition of 96% polyethylene and 4% carbon. This innovative blend not only guarantees comfort and freedom of movement, but also outstanding performance in environments with high electrostatic requirements.

With a surface resistance of $10^6 \mu\Omega - 10^9 \Omega$, this jacket sets new standards in terms of electrostatic charge dissipation. It combines functionality with style, creating a perfect symbiosis for professionals working in electronics manufacturing or other demanding industries.

Rely on Safeguard to provide you with the safety and protection you need without sacrificing comfort and style. Get your ESD fleece jacket today and experience the quality and performance that only Safeguard can provide.

In addition, we now offer you the option of customizing your workwear. Whether with your
